## PROJECTS

---

### Backage for laravel panal

<https://packagist.org/packages/yousry943/easyadmin>

EasyAdmin is a great admin to use multi authentication, multi language, multi email template.

Don't create new admin panel when you start a new project just use it

## RECOMMENDATIONS

### ahmed elbehary

[CEO MAPTEC](#)

Everyone has the skills these skills appear only in a good environment, and good managers i was lucky and i thanks my god to know Mr:ahmed and Mr:eslam there are helped me alot when i got job php developer in Maptec company without any experiences

i cant forget who helped me when i was not know code well its too hard to find persons like Mr :ahmed and Mr:eslam i will available anytime and anywhere when Maptec company needs me I wish every success to Mr:eslam and Mr:ahmed

### Mohamed Adel

[web developer](#)

i worked at Maptec and Ahmad was the team leader. He is good in leadership and management. He is serious about work, he likes to

work and learn all the new features and we have formed a good team together and I still have it with him and i wish him all success

### IEREK Institute

Ahmed stayed with us in IEREK for almost one year, and in that year we can't deny the fact that he made a lot of things easier for us.He was efficient and adhered to his deadlines. He took care of our website and solved as many issues as possible, and we couldn't have asked for a better knowledgable and passionate developer.It was unfortunate that he left us for a better opportunity in the developing world, but we still have an on going relationship where he resolves issues for us remotly, even without asking for anything in return.If you are looking for someone that you could leave everything in their hands and be assured that everything will get done in a timely and efficient manner... then you have found him.

### Manager of Ierek

To whom it may concern,This is to say that Ahmed was one of the most valuable team players in our company, i enjoyed working with him on a personal level and ona professional one.He's knowledgable and even if it is something new to him, he could get around it very easily.He was an asset and it was really regretable to have him go because he had a better offer.I wish him the best,Regards,
